

### Gardening Club

#### Make a milk bottle watering can!

This week, why not have a go at a recycling project which will help those thirsty plants? If you follow this link you can make your very own watering can to water your garden or window box – especially during the warm weather that we are having at the moment! Send us your pictures as evidence!

### Animal lovers Club

#### Feline friendly Zone!

Make your home cat-friendly...see if you can come up with some ideas to make a cat feel really at home. Do some research or look here for ideas: [Kittens & Cats – PDSA](#)

Think about:

- Food do's and don't's
- Looking after their teeth
- Toys and playtime
- Cat health
- Body language
- Grooming

Design a poster or create a plan showing as much information as possible about how to care for a cat.

### Mad Science Club

#### Jumping Frogs – a static electricity experiment!

Find out how static electricity works and make a frog jump by following this link! All you need is a balloon, some tissue paper and a woolly jumper or your hair!

Write out the method and send a picture as evidence  
[Static Electricity Experiment for Kids - Science for Kids \(science-sparks.com\)](#)

### Personal Best Challenge with South Sefton School Sports Partnership!

#### Skipping Challenge

You need a skipping rope and some space  
How many times can you make the rope go round in 30 seconds?

See if you can beat your score!

Challenge another member of your household - who is the winner?

You can choose to take part in as many clubs as you like. Each activity is worth 1 Children's University credit. When you have completed an activity send your evidence to me [laura.ashcroft@elevate-ebp.co.uk](mailto:laura.ashcroft@elevate-ebp.co.uk)
